### **What's Happening:**

On December 31, 2009 The Toronto District School Board Plans to CLOSE the Jarvis Collegiate Swimming Pool !!!!!!!!!!!!!!!!!!!!!

When this happens:

- 1100 students will lose daily aquatic lessons as part of their education
- Yet again a low income, newcomer community will be deprived of services. In a rapidly expanding area of the city.
- Local summer programs will lose the opportunity for swimming
- After school programs will lose swimming as part of their programs
- Families with small children will be forced to travel far from their homes to be able to swim
